SPIKEZONE

What is Spikezone

Spikezone is volleyball's entry level program targeted at primary and early secondary aged participants. Each session is aimed to be fun and energetic, maximise participation, help with increasing coordination and socialisation skills. Spikezone is a non-contact gender equal program with qualified coaches who supply all of the equipment. All the participants need to do is bring themselves and a drink bottle!

The goal of the program is to grow the sport of Volleyball within Australia and enable more children to experience a sport that is thriving both indoor and on the beach.

Sessions Include

- One hour of games based skills and drills based around volleyball
- Maximised participation at all times
- Learning of all the different skills of volleyball
